Logframe

- Strengths: indicators encompasses many activities, relevant to local context, some are similar to other projects (SUCCESS Alliance) so it is easier to compare
- Weaknesses: confusion about indicators (targets for indicators not listed in PMP), not specific

Strengths

- “from the bottom of their hearts” (no donor support or interest)—coordinator has the vision for M&E despite lack of resources
- able to conduct midterm evaluation
- conducted ex-ante baseline

Weaknesses

- Lack of funding (due to lack of support)
- Disjointed—indicators and targets not in the same place
- Design of M&E system not from the beginning – incomplete
- Quality

Challenges

- Not quantified; information incomplete
- Lack of support and lack of awareness of importance from ASKINDO (for M&E)
- Lack of staff
- High turnover
- M&E Burdensome for field facilitators—impediment to implementation
- Uncertainty about funding
